My friend an i love the ideas of a statewide whacking day! Toads r filth an need 2 be eradicated! Hi 2 amy an Leanne cause they also agree!

Every creature has a right 2 life we dont kill snakes and they kill people . JS

Response 2 .T.Sibley u r victims...Of yur own circumstances . The government didn't smash an burn the cop station. Start tak'n responsibility 4 yur own actions instead of putt'n the blame on2 every1 else..... Regard.Minchie

How far will the RSPCA go? Will fly spray, cockroach baits and rat poison be banned next? Get real!

Paul rauhihi should grow a mullet so he too can use wonderful hair straightener like aaron payne has! Front rowers dont all have to be without fashion! do it 4 the team!

While we're all talkin bout maddog. Can i also add he is nothing but a loud mouth. tw heatley

Everyone kicks up a stink when a few kittens are killed, but only the RSPCA defends thousands of cane toads! Shame, Townsville!

Shame to see nat porter leave the townsville fire. Thanks for 4 great years of service to townsville. It will be strange not to see u playing on game night. Townsville's loss will be another team's gain. Good luck nat!

if you read a little closer at tuesdays paper we can kill toads just not slow and cause pain to them . anthony

with no sign u lose an endearing friend & it brings home 2 u the temporary licence we r given 2 live

if u can talk to a persons eyes is heaps better than sunnies. this statement is directed at police

Cane toad toxin is an hallucinagenic drug. You could be guilty of possessing dangerous drugs by putting toads in your freezer. Kim

Bring back Phil Gould . If any 1 can stop a cane toad it is Phil.

Bruce D they left cause dnt feel welcom DD Adale

Palm Island rioters should be thankful they were not threatening Victoria police officers who would've come out shooting like the Kelly gang and killed them all

With the technology 2day you'd think we'd av more ova choice than petrol to run our transport. n e thing ova \$1 per Lt is a JOKE !! Miss Penny Less - Kirwan

you can get fined for just about anything these days. cracking a whip in public and now smashing a toad. Your bloody joking! Who makes this stuff up? divot-keiso

I wonder if RSPCA is going 2 fine us 4 running over toads on the roads in our cars. I think they should give us a gold medal!

Can some please tell me, if anne bunnell is so pro townsville, why is she using a brisbane lawyers quinn and scattini? Sb, kirwan

Good on ya T.Sibley people see a person's life of lesser value compared 2 gvt buildings dat were torched during da palm island riots. Buildings can always b replaced, a human life cant! Waverley, Cairns

This is to the person who was proud of themselves for killing the cats in their kids sandpit. Did you stop to consider that those cats might be a pet to some little girl or boy? Just like your kids!

I've been fined before when i didnt actually do anything wrong. I thought about appealing the fine but after costing up law fees and days off work it is cheaper just to pay the fine. What i want to know is, has anyone else been booked when they know they did nothing wrong? From steve.

Fined or jailed 4 cruelty 2 an introduced & state declared toxic pest - so much 4 common sense & civil liberty. Makes u wonder whats next.

mal still ok 2 poison ticks or wot greg blwr

Cr Bunnell, no wonder insurance premiums are going through the roof. The council chambers can get a little heated a times, but most would take things on the chin. Wise up and get on with the job you were elected to do. Sg

im with you mal. Animal cruelty is cowardly n can nvr be justified.

I whack and I vote. New bumper sticker 4 nq.
